Decoding the millennial mindset

The essential guide to understanding and engaging the next

No organization or business can afford to ignore Millennials. In addition to being the largest generation in history, they possess over 30% of consumer spending power and make up half of the working population.

Having conducted one of the world's most extensive studies into the defining attitudes and values of Millennials, Michael McQueen has a unique insight into the next generation.

In this high-energy, humorous & compelling keynote presentation, audiences discover:

- ▶ The common myths and misconceptions many leaders and businesses believe about millennials
- ▶ The core beliefs, mindsets and expectations of next-generation consumers and employees
- ▶ The secret to engaging, persuading and motivating millennials
- ▶ A range of proven and practical strategies for being relevant to a younger cohort

Audience members will leave this presentation with a clear action plan for bridging the generation gap and powerfully engaging Millennials as either consumers or employees.

Mastering the art of momentum

The secret to achieving effortless and enduring growth

We all love being on a roll, in the zone and firing on all cylinders – that flow-state sensation where everything just seems to work.

But what happens when the groove becomes a rut, inspiration evaporates or your mojo disappears?

Enduring success and growth for any business today is dependent on building and maintaining unstoppable momentum.

Inspiring keynote presentation, audiences discover:

- ▶ The art and science of momentum – where momentum comes from and why it makes all the difference when you've got it working for you
- ▶ A practical and powerful formula for building momentum individually or in a team
- ▶ How to get into a flow state of peak productivity on a daily basis
- ▶ The role that focus and consistency play in ensuring a groove doesn't become a rut over time

Audience members will leave this presentation with a clear action plan for achieving effortless growth and maintaining it over the long haul.

As a leader Michael's message on Momentum is very relevant

Teaching for tomorrow

How to equip today's students for the future

Students in classrooms today will enter a world very different to the one their teachers and parents have known.

In light of the uncertainty that lies ahead, it is more important than ever that educators keep their finger of the pulse of technological and societal trends in order to help students prepare for them.

In this research-rich & compelling keynote presentation, audiences discover:

- ▶ The key social and technology trends that will shape the future including artificial intelligence, robotics and automation
- ▶ The skills and competencies that young people will need in order to be future-fit
- ▶ Why and how education practices and paradigms must evolve in the coming years
- ▶ A range of proven and practical strategies for making classroom learning relevant to the next generation of learners

Audience members will leave this presentation with a clear action plan for engaging today's students while equipping them for tomorrow.
