Sailing The Seas Of Change

“It is not the strongest of the species that survives nor the most intelligent, but the one most adaptable to change”. This famous adage by Charles Darwin reminds us that change is the only constant.

As inherent and inevitable as change is, it is still perceived by many individuals and organizations as a problem. A master storyteller, Yossi’s keynote on change is not a lecture but a journey.

Audiences will learn:
- How to release their judgments, allowing access to new perspectives
- Maintain and develop their own responsibility and power

The Manifestation of Vision

Eightfold Path of Action

Success is the most sought after need of individuals and organizations. Yet success seems elusive as it is defined in many different ways and always seems to belong somewhere in the future.

Through eight carefully crafted actions, The Manifestation of Vision participants are initiated into a new realm of possibilities, where the present moment is of clarity and the futures are unrestricted. The Eightfold Path of Action indicates that this course is about ‘doing’ rather than ‘thinking’ about it.

This session will:
- Enable and empower participants to meet any adversity as a challenge and confront it as a consolidated team
- Following the seminar all attendees receive access to a closed discussion forum for continued support and ongoing change.

Wevolution Revolution

Using a fascinating story of building an eco-tourism resort in the heart of the Amazon, Yossi Ghinsberg creates ‘big picture’ lessons that help identify emerging trends and values in modern society and business. Using the metaphor of the internal design principles inherent in natural eco-systems, Yossi draws parallels between pre and post GFC economic philosophy. His insights will help shape the future of your leadship.

Audiences will:
- Be taught how to recognise the new model of abundance its application in developing new values and strategies
- How to use the power of a timely idea to transform your business, your community and your life.

The Power to Survive

After a tragic separation from his friends, one man is lost alone for weeks in the heart of the Amazon with no food or weapons, in the midst of the worst rainy season in decades. Through this amazing experience Yossi Ghinsberg takes his audiences on an emotional experience of inner strength and self-discovery. This keynote presentation is based on Yossi’s international bestseller ‘Jungle’, now also a documentary produced by the Discovery Channel. Apart from the sheer excitement of Yossi’s presentation Yossi:
- Empowers audiences to adapt to their circumstances. They learn that we are co-creators of our own realities.
- Explores how adversity is part of life; being a victim a matter of choice.
